

[A New Generation of Donors: Nathan and Diana Harris](#)

Nathan and Diana Harris, parents of 8, know the importance of budgeting their monthly-giving to make an increasing annual impact and ensure a lasting legacy for their children. Nathan, an Orthodontist since 2003 in Highland Park and in Forney, TX, and Diana, who has Master's Degree as a P.A. and now devotes her time to homeschooling their children, still find time to give back. They are involved in many aspects of the Pro-life movement, help feed the homeless at the Stew Pot downtown, and their children volunteer at the nursing home playing the piano.

The Harris family started *The Nathan and Diana Harris Family Charitable Fund* in 2014. They were attracted to the Donor Advised Fund model when they heard that the Catholic Foundation is able to use interest from all of the funds, big and small, to make an immediate impact in the Dallas area. Their Donor Advised Fund is a vehicle that can easily support their passion for the Pro-Life movement and Catholic Schools in the Dallas area.

Find out how you too can make an impact.
