

## [A New Generation of Donors: Erin and Robert Thoele](#)

The Thoele family created The Robert and Erin Thoele Charitable Fund in January 2016 to streamline the family's current giving and to set up a vehicle for significant philanthropic giving in the future. Robert and Erin Thoele enjoy the benefits of user ease and tax simplification, but more importantly, this giving vehicle allows them to continue their passionate support for Juvenile Diabetes research and especially for Dallas Catholic Schools.

Their children currently attend Ursuline, Jesuit and Prince of Peace Catholic School, where both Erin and Robert serve in leadership capacities. "Our long term mission is to involve our children in designating organizations to support financially," says Robert Thoele, CFO and General Counsel for AXS TV and HDNet Movies. "We not only want to demonstrate to our children the charitable giving of 'time', but also the charitable giving of 'treasure' through our fund at The Catholic Foundation."
